

UnConflict

July 21, 2022

To whom it may concern,

It is my pleasure to recommend Sahil Kotak for the job of web design and development. From the moment he first started working as my webmaster in August of 2019, I have never ceased to be amazed at his brilliant design artistry and web development savvy.

Over the past three years, Sahil has created, maintained and updated the content of my website www.UnConflict.com, as well as created an app and consulted on the requirements of a future social networking website I am considering.

Sahil's exceptional vision, talent and intuitive responsiveness to complex and future-facing projects make him the ideal candidate for your web designer and developer role.

Sincerely,

Nechama Robinson MA
